MISSION STATEMENT OF THE UNIVERSITY OF CONNECTICUT SCHOOL OF SOCIAL WORK

The mission of the University of Connecticut School of Social Work is to provide professional master, doctoral and continuing professional social work education which will promote social and economic justice, and the improvement of human well-being. This mission derives from the University’s commitment to excellence in teaching, research and scholarship, service and outreach, an expanding international role, and commitment to public service. The School is committed to helping students
become professional social workers by developing professional values and ethics, judgment and skills that equip them for life-long critical analysis of their practice, of social welfare services and of the context of society’s social, economic and political structures. The School is also committed to teaching advanced, research-informed practice methods, focusing on strengths of individuals and families, groups, communities, and organizations, and the practice of social policy. Graduates are prepared to lead in contexts that shape practice by valuing human diversity, working for human rights and against oppression and discrimination, preventing and alleviating the effects of violence and poverty, particularly in urban centers, and advocating for improved social policies and services, locally and globally.

4. If you have prepared for, or been employed in another field of work, discuss why you want to change to social work.

5. If you are now employed in a social service agency, describe in detail how a professional social work education would improve your practice.

6. What do you consider to be your personal strengths and limitations in relation to your development as a professional social worker?

7. If you are transferring from another school of social work, discuss your reasons fully.

Three Professional Recommendations

The application provides the ability for recommendations to be completed electronically. Applicants must provide the name and contact information for 3 recommenders. The application system will then send an email to each recommender providing instruction and access to a website where they will be able to submit their recommendation electronically. It is preferred that the recommendation be written on letterhead and uploaded. Applicants will be able to monitor the status of the online recommendation process.

As an applicant you will have the opportunity to indicate whether you waive your right to inspect the recommendations. Please note: if you waive this right, the contents of the recommendation will not be released to you or anyone other than the person reviewing applications.

Recommendations should be from three people who have recent knowledge of your qualifications and be professional or academic in nature. For those with work experience in social services, a recommendation from the most recent employer or supervisor must be provided.
